**Body Style:**

Cable, band or tape type

**Watt Density Rating:**

325.0 per square inch single voltage

**End Application:**

An/aaq-18, detecting set, infrared

**Maximum Wattage Rating In Watts:**

250.0 single voltage

**Voltage In Volts And Current Type:**

240.0 ac single voltage

**Special Features:**

Sheath matl: inconel or incoloy; leads matl: flexible fiberglass-insulated nickle wire; core matl: magnesium oxide

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A01900
