Body Style:

Cable, band or tape type

Watt Density Rating:

325.0 per square inch single voltage

End Application:

An/aaq-18, detecting set, infrared

Maximum Wattage Rating In Watts:

250.0 single voltage

Voltage In Volts And Current Type:

240.0 ac single voltage

Special Features:

Sheath matl: inconel or incoloy; leads matl: flexible fiberglass-insulated nickle wire; core matl: magnesium oxide

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
