Mounting Type:

Ventilation duct

Heat Medium Type:

Air

Current Type:

Ac

Heating Element Type:

Electric nonimmersion

Voltage In Volts:

440.0

Phase:

Three

Special Features:

Space heating equipment and domestic water heaters

Reference Number Differentiating Characteristics:

Magnetic permeability shall not exceed 2.0 after fabrication

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01300
