Terminal Quantity:

2

Element Radiation Specification:

Noninfrared

Element Connection Style:

Wire lead

Watt Density Rating:

5.0 per square inch single voltage

Maximum Wattage Rating In Watts:

225.0 single voltage

Element Quantity:

1

Voltage In Volts And Current Type:

120.0 ac single voltage

Material:

Rubber synthetic sheath

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01900
