Body Style:

Circular, finned

Inside Diameter:

11.000 inches

Terminal Box Environmental Protection:

Explosion resistant

End Application:

Unit heater p/n 232-foil-00170-1310t used onboard 225 ft wlb coast guard vessels

Voltage In Volts And Current Type:

450.0 ac single voltage

Material:

Chromium resistance wire and nickel resistance wire

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
