Body Style:

Cable, band or tape type

Element Quantity:

2

Voltage In Volts And Current Type:

240.0 ac 2nd voltage

Special Features:

Used in hazardous areas where exposure to organic chemicals or corrosives; maintenance temperature is 150 degf

Material:

Copper resistance wire

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01900
