Element Radiation Specification:

Noninfrared

End Application:

Hot food folder

Maximum Wattage Rating In Watts:

115.0 single voltage

Voltage In Volts And Current Type:

115.0 ac single voltage

Special Features:

Element material- talrod; 12 inch wide, 9 inch deep

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01900
