Watt Density Rating:

80.0 per square inch single voltage

End Application:

P/n 1001-0000 controller, winch onboard 225 ft 'b' class wlb coast guard vessels

Voltage In Volts And Current Type:

600.0 ac single voltage

Special Features:

Wire wound element; lead insulation-3134 18 ga; lead length 4 ft; with plate, heater on flange side

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
