Mounting Method Style:

Wrap around type mounting facility

Body Style:

Strip element

Overall Length:

40.000 inches

Terminal Arrangement Style:

One at each end

Terminal Box Environmental Protection:

Moisture resistant

Maximum Wattage Rating In Watts:

90.0 single voltage

Element Quantity:

1

Voltage In Volts And Current Type:

208.0 ac single voltage

Product Name:

Heater, crankcase

Special Features:

End item is: 4120-01-449-0459 - air conditioner

Material:

Stainless steel sheath

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01900
