12.0 single voltage

## **Voltage In Volts And Current Type:**

120.0 ac single voltage

## **Special Features:**

Heating cable; uniform thermal output; construction: twin 12 awg copper buss wires, fep insulation jacket, pairing jacket, nickel chromium wire heating element, fep insulation sheath, tinned copper braid; flexible; electric heat; can be cut to length; can withstand up to 395 degrees f saturated steam; zero in-rush at startup
