Body Style:

Odd/irregular shaped items

End Application:

Oven, armature

Maximum Wattage Rating In Watts:

57000.0 single voltage

Voltage In Volts And Current Type:

440.0 ac single voltage

Product Name:

Heater, despatch, 57kw at 440v; heater, bake off

Phase:

Three single voltage

Special Features:

Item is custom made for specific model number and serial number of oven on which it is to be used; must supply these numbers when ordering

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
