Body Style:

Odd/irregular shaped items

Element Radiation Specification:

Noninfrared

End Application:

Model e289 counter-recessed ultrasonic cleaning unit

Maximum Wattage Rating In Watts:

1500.0 single voltage

Element Quantity:

2

Voltage In Volts And Current Type:

120.0 ac single voltage

Product Name:

Heaters, wire air flow

Special Features:

Nichochrome wire with mica substrate, metal end clips and ceramic spacers; dimensions: 7.25x1.5x1.5 inches

Material:

Nickel alloy resistance wire

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01900
