Overall Length:

13.000 inches

Overall Height:

28.250 inches

Overall Width:

26.000 inches

End Application:

Heater/proofer model cpm-hp-12

Accessory Components And Quantity:

Male flange inlet 1, heating elem. 1, insulating bushing 1, blower motor 1, terminal strip 1, thermostat surface mount 1, heating elem. 1, aluminum plate 1, cres holding strap 1, thermostat mounted in control panel 1, lighter rocker switch 1, switch mounting plate cres 1, cord & plug set 1, pilot light 1, cres housing 1, cres cover 1, 0-12 timer 1

Wattage Rating:

500.000 watts or 1000.000 kilowatts

Voltage In Volts And Current Type:

120.0 ac

Special Features:

See catalog for add. Dimensions and complete parts list

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
