Overall Length:

7.670 inches

Overall Height:

3.860 inches

Overall Width:

2.740 inches

End Application:

Seawolf class ssn; plo acoustic

Voltage In Volts And Current Type:

120.0 ac

Product Name:

Actuator, on/off, 35 in-lb torque

Special Features:

Has 3 ft, 18 ga appliance cable, 0.500 inch conduit connector; electronic overload protection throughout 0-95 degrees rotation; visual position indicator, 0-90 deg; true mechanical spring return failsafe; easy to adjust mechanical stop to limit damper rotation

Material:

Steel

Surface Treatment:

Zinc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
