End Application:

Mk105 mod4, magnetic minesweeping system; mk105 mod4, power pack assembly

Diameter:

24.420 inches

Special Features:

Expansion joint, flexible for turbine inlet; 36 holes (.18"dia) equally spaced, 21.38" diameter (id)

Material:

Aluminum alloy

Material:

Aluminum alloy

Width:

1.760 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T114-a
