End Application:

Mk105 mod4, magnetic minesweeping system; mk105 mod4, power pack assembly

Diameter:

6.370 inches

Special Features:

Expansion joint, flexible for compressor duct; 8 holes (.25"dia) equally spaced on 5.54b.C. And 8 holes (.25"dia) equally spaced on 5.812b.C.

Length:

4.930 inches

Material:

Aluminum alloy

Material:

Aluminum alloy

Width:

4.870 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T114-a
