Overall Height:

20.000 inches

Overall Width:

40.000 inches

Product Name:

Standard duty air control damper (marine)

Special Features:

Frame is 3/16 in. Thick carbon steel; blades are 14 ga stainless steel; axles are 1/2 in. Diam. 303 stainless steel; bearing sleeve is oil impregnated bronze; finish is hot dipped galvanized on carbon steel; max. Diff pressure is 12 in. Wg; maximum velocity is 3000 fpm

Material:

Steel and stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
