Body Style:

Tubular, threaded terminals

Element Radiation Specification:

Noninfrared

Element Connection Style:

Stud type

Length:

28.000 inches

End Application:

Coffee urn

Maximum Wattage Rating In Watts:

5700.0 single voltage

Voltage In Volts And Current Type:

240.0 ac single voltage

Special Features:

Sidemount 5.7kw, 240v approx 28in immersion heater

Material:

Copper alloy sheath

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01900
