**End Application:**

Ultrasonic cleaner; branson b3510-dth

**Maximum Wattage Rating In Watts:**

130.0 single voltage

**Voltage In Volts And Current Type:**

120.0 ac single voltage

**Product Name:**

Digital timer and heater (dth) 3210

**Special Features:**

Heater power 0/205; max draw power required (watts) 130/335 (up to 69c degrees) with a degassing facility to provide extra power

**Frequency In Hertz:**

60.0

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A01900
