End Application:

Ultrasonic cleaner; bransonic b3510-dth

Maximum Wattage Rating In Watts:

130.0 single voltage

Voltage In Volts And Current Type:

120.0 ac single voltage

Product Name:

Digita timer and heater (dth) 3210

Special Features:

Heater power 0/205; max draw power required (watts) 130/335 (up to 69c degrees) with a degassing facility to provide extra power

Frequency In Hertz:

60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
