Body Style:

Strip, finned

Element Radiation Specification:

Noninfrared

Terminal Arrangement Style:

One at each end

Length:

14.500 inches

End Application:

Electric convection heater model dfm41.5-3nm-cb

Maximum Wattage Rating In Watts:

750.0 single voltage

Voltage In Volts And Current Type:

440.0 ac single voltage

Product Name:

Finned heater tube 22gauge stainless steel

Phase:

Three single voltage

Material:

Stainless steel sheath

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
