Body Style:

Tubular, plain

Effective Heating Length:

208.000 inches

Length:

208.000 inches

End Application:

Freezer, modular, walk-in; u.S.S. Truman

Voltage In Volts And Current Type:

115.0 ac single voltage

Product Name:

Heater

Phase:

Single single voltage

Special Features:

heating temp is 32 degrees fahrenheit

Material:

Aluminum sheath

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
