Body Style:

Tubular, rectangular

Width:

11.938 inches

Overall Length:

22.063 inches

Heat Control Type:

Thermostat

Length:

18.439 inches

End Application:

Food drawer warmer model sdw1

Maximum Wattage Rating In Watts:

475.0 single voltage

Element Quantity:

1

Voltage In Volts And Current Type:

120.0 ac single voltage

Material:

Stainless steel resistance wire

Material Specification:

Inconloy mfr ref single material response sheath

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
