Effective Heating Length:

1.970 inches

End Application:

Actuator, electro-mech rotary for an aircraft elevator platform lock

Maximum Wattage Rating In Watts:

10.0 single voltage

Voltage In Volts And Current Type:

250.0 ac single voltage

Product Name:

Ptc compartment heater

Special Features:

Anodized surface treatment; ac/dc voltage 110-250; height is 0.49in; wire lead is 18in

Material:

Aluminum sheath

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
