Body Style:

Tubular, flanged, w/terminals

Element Radiation Specification:

Noninfrared

Watt Density Rating:

60.0 per square inch single voltage

End Application:

DISH-WA-SHE-R;P/

Voltage In Volts And Current Type:

460.0 ac single voltage

Material:

Steel resistance wire

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01900
