**Body Style:**

Tubular, double coil, double terminals

**End Application:**

Model 3cs-4 sanitizing sink heater

**Element Quantity:**

2

**Voltage In Volts And Current Type:**

480.0 ac single voltage

**Frequency In Hertz:**

60.0

**Material:**

Nickel alloy sheath

**Material Specification:**

Inconel 600 mfr ref single material response sheath

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A01900
