Body Style:

Tubular, double coil, double terminals

End Application:

Model 3cs-4 sanitizing sink heater

Element Quantity:

2

Voltage In Volts And Current Type:

480.0 ac single voltage

Frequency In Hertz:

60.0

Material:

Nickel alloy sheath

Material Specification:

Inconel 600 mfr ref single material response sheath

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
