Body Style:

Finned, tubular, terminal's at each end

Element Radiation Specification:

Noninfrared

Length:

14.750 inches

End Application:

STAT-IO-NAR-YDUC

Maximum Wattage Rating In Watts:

833.0 single voltage

Voltage In Volts And Current Type:

450.0 ac single voltage

Product Name:

22 gauge stainless steel heating element

Phase:

Single single voltage

Material:

Stainless steel sheath

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01900
