Body Style:

Finned, tubular, terminal's at each end

Overall Length:

29.625 inches

Element Radiation Specification:

Noninfrared

Element Connection Style:

Stud type

Outside Diameter:

1.125 inches

Heat Quantity:

1

End Application:

Vertical air flow cabinet oven p/n vb-850/ser no 854494a1105

Maximum Wattage Rating In Watts:

5000.0 single voltage

Element Quantity:

1

Voltage In Volts And Current Type:

230.0 ac single voltage

Frequency In Hertz:

60.0

Material:

Nickel alloy sheath

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
