Element Radiation Specification:

Near infrared

End Application:

Gte 160i, gas turbine efficiency water wash system

Maximum Wattage Rating In Watts:

3.0 all voltages

Voltage In Volts And Current Type:

440.0 ac 1st voltage

Product Name:

Tank heater

Phase:

Three 3rd voltage

Special Features:

Reference data literature: major spare parts 7.4, gte doc. No. P/n 20260 ec 2172 gte 160i-42, pos 7, fig. 2

Frequency In Hertz:

60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01900
