Body Style:

Finned, tubular, terminal's at each end

Overall Length:

17.750 inches

Heat Quantity:

3

End Application:

Heater, duct, electrical vdhl-18x16- (410.0-3) -18cbd

Maximum Wattage Rating In Watts:

555.0 single voltage

Element Quantity:

18

Product Name:

Heating element

Phase:

Single all voltages

Special Features:

Voltage rating is 440.0 volts for this item

Material:

Stainless steel resistance wire embedding/support insulation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
