**Body Style:**

Band type/nozzle element

**Inside Diameter:**

10.000 inches

**Effective Heating Length:**

28.000 inches

**Watt Density Rating:**

3.7 per square inch single voltage

**End Application:**

Brine chiller for Igm30

**Maximum Wattage Rating In Watts:**

100.0 single voltage

**Element Quantity:**

1

**Voltage In Volts And Current Type:**

120.0 ac single voltage

**Product Name:**

Heater, maf compressor

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A01900
