Body Style:

Band type/nozzle element

Inside Diameter:

10.000 inches

Effective Heating Length:

28.000 inches

Watt Density Rating:

3.7 per square inch single voltage

End Application:

Brine chiller for Igm30

Maximum Wattage Rating In Watts:

100.0 single voltage

Element Quantity:

1

Voltage In Volts And Current Type:

120.0 ac single voltage

Product Name:

Heater, maf compressor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
