Body Style:

Band type/nozzle element

Inside Diameter:

12.500 inches

Effective Heating Length:

Between 33.640 inches and 33.880 inches

Watt Density Rating:

3.7 per square inch single voltage

End Application:

Birne chiller for Igm30

Maximum Wattage Rating In Watts:

160.0 single voltage

Element Quantity:

2

Voltage In Volts And Current Type:

120.0 ac single voltage

Product Name:

Heater, maf compressor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
