Body Style:

Strip element

End Application:

Window defroster eh5700 120vac

Maximum Wattage Rating In Watts:

30.0 single voltage

Voltage In Volts And Current Type:

120.0 ac single voltage

Product Name:

Window defroster

Special Features:

Enclosure accessory; continuous du type 30watt window defroster kit for eh5700 series enclosures; o/i pcb required for thermostat control (included with eh5723l and eh5729l); 120 vac

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
