End Application:

Switchboard, 450 cpv asy03276, control center motor asy03272.

Maximum Wattage Rating In Watts:

400.0 single voltage

Element Quantity:

1

Voltage In Volts And Current Type:

450.0 ac single voltage

Product Name:

Heater, 400w, 450vac.

Special Features:

Temp control: none. Grounding: none. Make sure that the heater is applied over clean smooth surface. Install heater before energizing.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
