Terminal Quantity:

6

Effective Heating Length:

58.000 inches

Element Connection Style:

Stud type

End Application:

Special aircraft and engine tool and support equip/parts

Element Quantity:

8

Voltage In Volts And Current Type:

230.0 ac all voltages

Product Name:

Heating element

Special Features:

12 kw at 230 volts toal; nha; 15559as474

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
