Voltage In Volts And Current Type:

115.0 ac

Product Name:

Diesel fired flash water heater with solution mixer

Special Features:

50000 btu input; no. 1 or 2 diesel fuel; 5.3 gal fuel capacity; 16 gpm flow; 4 output hose connections; 1 input hose connection 1.5 npt; hydrant compatible; garden hose adapter; close loop temp control; turf tires and guide handle; pressure reduction valve; temp control valve; in-line water filter; electronic ignition; clean out tube; 100 ft 12awg extension cord; dositron mixer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
