Width:

Between 35.875 inches and 36.125 inches

Depth:

Between 6.938 inches and 7.063 inches

Operating Control Type:

Thermostatic

Product Name:

Convention heater type-ce-wts

Special Features:

Front cover and rear panel are corrosion resistant steel

Height:

Between 20.938 inches and 21.063 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01300
