Overall Length:

14.625 inches

End Application:

Heater, duct

Product Name:

Finned tubular element

Special Features:

166.667 watt 120 volt, finned tubular element, 304 stainless steel sheath and fins, straight length, 14-5/8 long, 2-pass element

Material:

Steel comp 304 sheath

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01900
