Mounting Type:

Ventilation duct

Heat Medium Type:

Air

Heating Element Type:

Electric nonimmersion

Product Name:

Finned tubular hvac duct type heater with stainless steel 304 heater frame and terminal box

Special Features:

Tubular elements with fins, flange mounted to ductwork, 440 volts, 3 phase, 24 volts control circuit voltage

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01300
