Body Style:

Tubular, screw type

Element Radiation Specification:

Noninfrared

End Application:

4210-01-622-0440; truck, fire fighting

Maximum Wattage Rating In Watts:

1500.0 single voltage

Element Quantity:

1

Voltage In Volts And Current Type:

120.0 ac single voltage

Product Name:

In-block heater 2/o cord

Special Features:

Engine model c1 acert w/o breaksaver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A01900
