**Body Style:**

Tubular, screw type

**Element Radiation Specification:**

Noninfrared

**End Application:**

4210-01-622-0440; truck, fire fighting

**Maximum Wattage Rating In Watts:**

1500.0 single voltage

**Element Quantity:**

1

**Voltage In Volts And Current Type:**

120.0 ac single voltage

**Product Name:**

In-block heater 2/o cord

**Special Features:**

Engine model c1 acert w/o breaksaver

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A01900
