Overall Length:

1.646 inches

Overall Width:

0.619 inches

Thread Size:

9/16-24

Filter:

Not included

Screw Thread Series Designator:

Unef

Connection Thread Location:

External

Capacity In Gallons Per Hour:

5.000

Spray Angle In Deg:

70.0

Spray Type:

Solid

Strainer Provision:

Included

Strainer Length:

0.437 inches

Strainer Mesh Size:

100

Strainer Material:

Nickel copper alloy

Adapter:

Not included

Special Features:

Grumman; a10 aircraft; polytetrafluoroethylene seal screw pin attached to strainer

Material:

Brass

Material:

Copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T114-a
