Overall Length:

1.305 inches

Thread Size:

9/16 - 24 thd size

Overall Diameter:

0.424 inches

Filter:

Not included

Screw Thread Series Designator:

Unef

Connection Thread Location:

External

Capacity In Gallons Per Hour:

6.000

Spray Angle In Deg:

60.000

Spray Type:

Semihollow

Strainer Provision:

Included

Strainer Length:

0.403 inches

Strainer Mesh Size:

200

Strainer Material:

Steel

Adapter:

Not included

Material:

Brass and steel

Material:

Copper alloy and steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T114-a
