Thread Size:

9/16-24

Filter:

Not included

Screw Thread Series Designator:

Unef

Connection Thread Location:

External

Capacity In Gallons Per Hour:

5.000

Spray Angle In Deg:

80.0

Spray Type:

Hollow

Strainer Provision:

Included

Strainer Mesh Size:

100

Strainer Material:

Steel, corrosion resisting

Adapter:

Not included

Special Features:

W/cres metering system; also 5/8 in. Cres hexagon nut

Material:

Brass

Material:

Copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T114-a
