Overall Length:

1.938 inches

Thread Size:

9/16-24

Filter:

Not included

Screw Thread Series Designator:

Unef

Connection Thread Location:

External

Capacity In Gallons Per Hour:

1.250

Spray Angle In Deg:

80.0

Spray Type:

Hollow

Strainer Provision:

Included

Strainer Length:

0.562 inches

Strainer Mesh Size:

120

Strainer Material:

Steel

Adapter:

Not included

Special Features:

1.10gph to 10.50gph nozzles are furnished standard with 120mesh monel screen strainers assembled

Material:

Brass and steel

Material:

Copper alloy and steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T114-a
