Body Style:

Tubular, threaded

Terminal Quantity:

1

Element Radiation Specification:

Noninfrared

Element Connection Style:

Stud type

Outside Diameter:

0.315 inches

Maximum Wattage Rating In Watts:

1000.0 single voltage

Element Quantity:

1

Voltage In Volts And Current Type:

240.0 ac single voltage

Special Features:

Sheath developed length 202.740 in. Nom

Material:

Monel sheath

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A01900
