Overall Height:

Between 25.750 inches and 26.250 inches

Overall Diameter:

Between 21.500 inches and 21.880 inches

Environmental Protection:

Fungus resistant and water repellent

Assembly Method:

Stitching

Closure Fastening Type:

Tie string

Material Transparency:

Opaque

Material And Location:

Cotton duck single wall

Opening Location:

One end

Textile Weight And Location:

23.930 ounces per square yard single wall

Reinforcement Location:

End

Surface Treatment And Location:

Resin, synthetic single wall internal

Special Features:

For rapid deployment joint task force

Color:

Sand, mil-e-52798

Style Designator:

Storage

Supplementary Features:

Holds approximately 38 gallons

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11100
