Overall Length:

16.000 inches

Overall Height:

17.500 inches

Overall Width:

12.000 inches

End Application:

Reverse osmosis water maker, lifestream watersystems, model sw7-627-463

Product Name:

Chemical injection system

Special Features:

Capacity is 8.4 gpd

General Description:

Material is noryl, 30% glass fiber reinforced

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
